

Quality Policy

Hilton Manufacturing has established the following quality policy.

It is the objective of Hilton Manufacturing Pty. Ltd. to be the Quality Leader in meeting the needs and expectations of their customers.

In achieving this objective the quality of product will be controlled and assured through all stages of planning, material procurement, processing and delivery by a Quality Management System complying with the requirements of AS/NZS ISO9001 Quality Management Systems. "Product Safety" related parts and processes will have an increased level of control.

Hilton Manufacturing will continually improve the effectiveness and suitability of the Quality Management System through the collection and analysis of appropriate data identifying improvement projects to enhance the efficiency of the system.

The commitment of management coupled with the involvement and support of all personnel employed in the company will ensure the achievement of these objectives
